

Shock Cord

Construction: braided polyester cover with rubber core

Shock cord is known as elastic rope or bungee cord.

Great for making bungee straps, cargo nets, hammocks and other crafted items.

Elasticity helps absorb shock to help in transporting goods, holding items together, storing items, securing items.

It cover broad general use, traveling, kayaking, camping, hunting, boating, biking.

Smooth finished diamond braided polyester over rubber core. This rope has near 100% stretch and is incredibly strong and durable.

Features:

High strength and low stretch

UV resistance

Easy for handling and splicing

Applications:

Traveling, Kayaking, Camping, Hunting, Boating, Biking.

| Item Number | Diameter(inch) | Length(ft.) | Color |
|-------------|----------------|-------------|------------------|
| 7133011 | 3/16 | 250 | White with black |
| 7133012 | 3/16 | 500 | White with black |
| 7133021 | 1/4 | 250 | White with black |
| 7133022 | 1/4 | 500 | White with black |
| 7133031 | 5/16 | 250 | White with black |
| 7133032 | 5/16 | 500 | White with black |
| 7133041 | 3/8 | 250 | White with black |
| 7133051 | 1/2 | 250 | White with black |
